PROJECTS & UPDATES

Operational Restructure

We are excited to announce the launch of our new organizational structure! This change will introduce smaller, more specialized teams to better serve the individuals we support, with a more personalized and consistent experience.

We look forward to this opportunity to enhance the quality of care and continue building a sustainable future together!

New Property Acquired

We are happy to announce that we received one-time funding allowing us to expand our program space. We have purchased a home that will initially provide some housing for individuals looking to live independently, as well as program space to support caregiver respite and life skill development for individuals in the community.

Scheduling Advancements

CLNP has been researching Scheduling and Human Resources software programs to improve our efficiencies. We have selected a program called Inclusion and look forward to its implementation in the coming months.

Gray Ridge Eggs Donation

Thank you very much to Gray Ridge Eggs for their generous donation of breakfast foods! Because of this donation, CLNP was able to host two brunches for the people we support this winter holiday season.

Summer Support Program

The CLNP youth summer program will run in July and August. If you are 14 - 21 living with a developmental disability in North Perth, contact the Community Program Supervisor at 519.291.1350 ext 305 by June 13th to register!
